

Website Reflection and Design Questions

Reflect

Now that you have looked at several classroom/teacher websites...

1. What are your general observations?
2. What design features (colors, fonts, layouts, domain names, etc.) stood out to you?
3. What content features (types of articles, photos, videos, assignments, files, etc.) stood out to you?

Decide

Now that you have reflected, start to make some decisions...

1. What is your purpose in creating a class website?
2. Why do you want a class website?

Website Reflection and Design Questions

3. Who is your target audience?

4. Who will add content to this site?

5. What are 5 features or items that you think are most important for your class website?

6. What are 3 or 4 names that you have in mind for your site?
